

Walk-in visits are welcome!

We do recommend private appointments to ensure the best possible model experience and avoid wait time.

In light of the current Covid-19 we have implemented new safety procedures for our self guided model tours. Our goal is to provide everyone with a safe experience as you tour our homes. We are cleaning and sanitizing the homes on a regular basis for added safety measures.

We kindly ask that all visitors follow the safety procedures below:

- All visitors must be 100% healthy and have not been exposed to anyone sick. If you have been exposed or have any symptoms of illness, please re-schedule for another time.
- Per the California Department of Public Health, masks are strongly recommended for all persons, regardless of vaccination status.
- We are limiting showings to allow only one group in a home at one time to allow for proper social distancing (minimum of 6 feet).

If you are more comfortable with a virtual appointment, we're here for you via online chat, FaceTime, Zoom, text, or phone.

Whatever is easiest for you, we are here to help!
